# Heritage Credit Card, Lending Products and Deposit Products Limits

## Cards - Transaction Limits

You can ask us to adjust the daily transaction limits set out below. We do not have to approve your request (acting reasonably we may not approve your request in order to prevent loss to you or Heritage, or where we reasonably consider it necessary to comply with any law or to manage any risk) but if we do, our approval does not mean that we have agreed that the adjusted limit will always apply. You must note that an increase in your daily limit increases the amount of transactions able to be performed on your account including any unauthorised transactions for which you may be liable. Individual limits may also apply at particular ATMs and EFTPOS terminals. These individual limits are set by the operator of the ATM or the merchant operating the EFTPOS terminal.

TRANSACTION TYPE	DAILY LIMIT
Daily Cash Limit for: <ul style="list-style-type: none"><li>Withdrawals at ATMs within Australia and outside Australia</li><li>Cash out transactions made by selecting 'savings' or 'EFTPOS savings' at EFTPOS Terminals</li></ul>	\$1,000 <sup>#</sup>
Daily debit Visa card— purchases made online, by telephone or when selecting 'Visa debit', 'credit' or 'CR' in stores	\$10,000
Purchases at EFTPOS terminals within Australia, when 'cheque' or 'savings' is selected on a card	\$1,000
Purchases at EFTPOS terminals outside Australia (credit must be selected on a card for overseas transactions)	\$3,000 <sup>#</sup>
Visa card limit for transactions using a physical card where a PIN is not required	\$200 per transaction*

<sup>#</sup> Outside Australia - equivalent to Australian dollar currency value

\*This limit is set by the merchant and individual limits may vary from the amount specified above.

As this limit is set by a third party and not by Heritage Bank, the limit is subject to change without notice.

## Bank@Post - Transaction Limits

Daily Bank@Post Transaction limits apply (card access only) at Bank@Post outlets. Deposits limits of minimum \$20 and maximum \$3,000. Withdrawal limits of minimum \$20 and maximum \$1,000.

## HERITAGE ONLINE (PERSONAL and BUSINESS)

### Maximum Transaction Limits

We will ask you to nominate what daily limits will apply for the different transaction types (subject to the maximum limits below). If you do not nominate any daily limits, a default daily limit of the amounts set out below will apply. These limits apply to all accounts under your member number. We will not increase your daily limit unless you request us to do so. On changing transaction methods, unless otherwise specified, your existing daily limit will continue to apply unless the new daily maximum limit is less than your existing daily limit.

You can also ask us to adjust the daily transaction limit on Heritage account transfers and Interbank transfers to a higher amount (up to the maximum limits stated in the table below - for example, to allow you to perform a specific Interbank transfer). We do not have to approve your request (acting reasonably we may not approve your request in order to prevent loss to you or Heritage, or where we reasonably consider it necessary to comply with any law or to manage any risk) but if we do, our approval does not mean that we have agreed that the adjusted limit will always apply. An increase in your daily transaction limit increases the amount of transactions able to be performed on your account including any unauthorised transactions for which you may be liable.
