

How to clear cookies from your Chrome browser

Follow the steps below to clear cookies from your Chrome browser. Please note, clearing cookies will also log you out of any websites you are currently logged into.

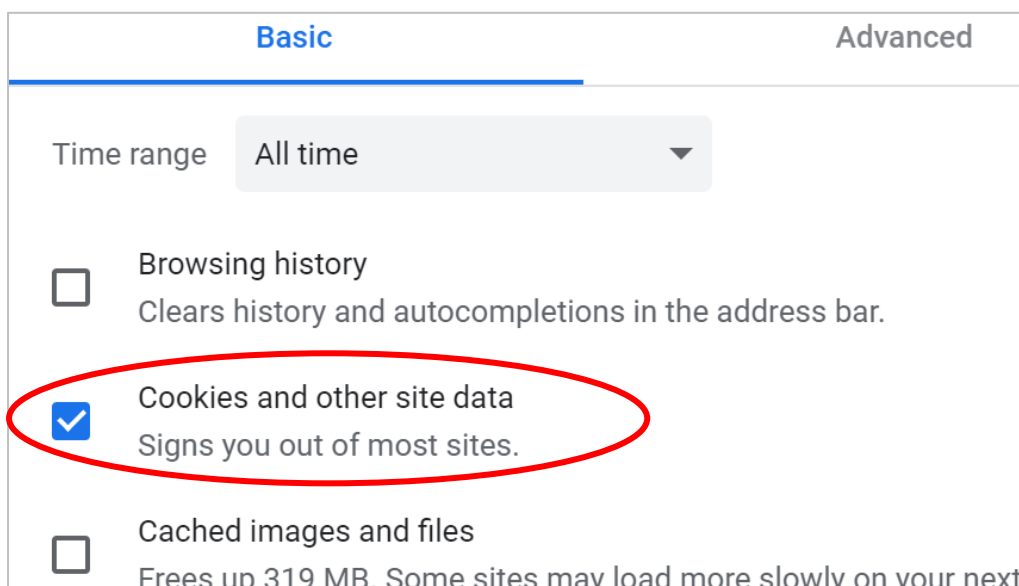

1. To clear the cookies from your Google Chrome browser, select the three dots in the top right hand corner of the browser.

2. Then select **more tools** and **clear browsing data**.

3. Ensure the cookies box is checked.

4. Then select the desired time frame. To ensure all cookies are cleared, select **all time**, then hit **clear data**.

The screenshot shows the 'Basic' tab of a browser's settings. The 'Time range' dropdown menu is open, displaying the following options: 'All time', 'Last hour', 'Last 24 Hours', 'Last 7 days', 'Last 4 weeks', and 'All time'. The 'All time' option at the bottom of the dropdown is highlighted in blue. To the left of the dropdown, there are three checkboxes: 'Browsing history' (unchecked), 'Cookies and site data' (checked), and 'Cached images and files' (unchecked). Below the 'Cached images and files' checkbox, there is a note: 'Frees up 319 MB. Some sites may load more slowly on your next visit.' At the bottom right of the settings panel, there are two buttons: 'Cancel' and 'Clear data'. The 'Clear data' button is highlighted in blue. A red circle is drawn around the 'All time' option in the dropdown and the 'Clear data' button.

5. Your cookies should now be cleared.
